

# THOR-O-WASH™

State-of-the-art Cleaning Machine for your temporary flooring panels and so much more

There's clean, and then there is **THOR-O-WASH!** Superior design with a streamlined cleaning performance using 8 turbo nozzles **THOR-O-WASH** powers through a dirty job quicker and more effectively than traditional methods.

This warrior of a washer can wash much more than panels, use it to clean a variety of event industry products, such as tables, chairs, tent and modular staging.

## Dominate dirt and get “clean equipment envy” from your competitors

Benefits of keeping your panels clean

- Squeaky clean reputation. Provide the most attractive products you can to your customers
- Protect your investment for longevity or resale
- Creates opportunity to inspect your product
